

CPC PNC

6/3/19

6:30 -8:30 pm

PNC Members Present: Jeanne Bolick, Louis Lambe, David Bohm, Matthew Simmons, Emma Anderson, Sherry Bradsher and Linda Oglesby

Emma opened the meeting with a devotion and prayer. As is our practice during the PIF discernment phase, the team lit its candle.

The team continued their group evaluation of PIFs received and has begun prioritizing those PIFs the team has determined are potential good matches (based on education, experience, knowledge, skills, competencies and characteristics) for further consideration.

Sherry and Linda have been working on a draft letter that can be sent to candidates who do not match the desired education, experience, knowledge, skills, competencies or characteristics we are striving to identify for CPC. This letter was approved by the team. The team anticipates beginning to narrow the field of candidates over the course of its next several meetings.

The team spent time brainstorming our next steps in the recruitment process. Jeanne, Linda and Sherry will work from those notes/ideas to create an outline of next steps for the team to consider.

The team calendared meeting dates for the remainder of the month of June in order to accommodate summer schedules and vacations.

Louis closed the meeting with prayer. The meeting ended at approximately 8:50 pm.
